DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of claims 1-10 and 24-28 in the reply filed on 10/12/2004 is acknowledged.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 11-23 to an invention non-elected without traverse. Accordingly, claims 11-23 have been cancelled.

Allowable Subject Matter

Claims 1-10 and 24-28 are allowed.

The following is an examiner's statement of reasons for allowance: prior art references do not teach or render obvious a semiconductor device comprising a conductive pattern connecting the source regions; and a resistor, wherein the conductive pattern and the resistor are formed of the same material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. References A-D are being cited since they show a resistor formed in a semiconductor device.
